

Chair in Business and Climate Change

Sipho Nkosi

CEO, Exxaro Resources Limited

Official launch event

5 June 2008

exxaro

POWERING POSSIBILITY

Content

- Reason for Exxaro's involvement
- How will Exxaro support the Chair?
- What is Exxaro doing?
- About this event

Reason for Exxaro's involvement

- Believe that climate change is one of the most pressing challenges facing humankind at this point in history
- Good corporate citizenship – to be aware of the impacts the company makes and to manage the company ethically and responsibly
- Responsibility to play a positive role in encouraging awareness and action on this vital issue
- Acknowledge that our operations do impact on the climate change scenario and we will do all possible to mitigate the impact as far as possible

How will Exxaro support the Chair?

- Exxaro is committing a sum of R3 million to the Chair over the next three years
- Provide logistical support (manpower, facilities, etc) to ensure that the Chair fulfills its primary functions of advocacy and research
- Ensure close collaboration between Exxaro's Clean Energy Forum and the Chair in order to translate the Chair's recommendations into practice within Exxaro

What is Exxaro doing?

- Sponsor of Peace Parks Foundation for 10 years
- Signatory of UN Global Compact
- Independent verification of baseline energy use
- Establishment of Clean Energy Forum that aims to reduce the company's carbon footprint by becoming more energy efficient and by using cleaner technologies

What is Exxaro doing? (cont)

- Clean energy policy approved by Board. Policy states that Exxaro will:
 - Improve energy efficiency by 15% by 2015
 - Minimise energy consumption and costs
 - Promote the use of energy-efficient equipment and designs
 - Understand and reduce its carbon footprint
 - Use and develop cleaner technologies, i.e. co-generation and renewable energy
 - Reduce emissions and participate in the carbon trading market

About this launch event

- Carbon neutral w.r.t. organisational transportation
- Programme printed on environmentally friendly paper
- Menu - organic and locally produced/sourced products
